

Fisheries Biologist & Construction Crew Member

Marek Landscaping, LLC is a design-build company located in Milwaukee, WI and founded in 1996 that promotes sustainable design & construction, and stewardship of the land. With low-impact design methods we use native plants and natural materials to design and construct ecologically functional systems for aquatic, wetland, prairie, and woodland restorations, shoreline stabilizations, stormwater solutions, multi-use trails, and public parks and landscapes. We also develop and implement land management plans for these projects ensuring long-term health and viability. Current projects include bluff, shoreline, and wetland restorations for large public projects, non-for-profits, and private residences. These projects include landscape architecture and green infrastructure elements.

We are currently seeking a fisheries biologist to:

- Conduct:
 - o Fish inventories.
 - o Native habitat restoration projects including tree and brush cutting and removal, planting, seeding, soil preparation, and erosion control material installation.
 - o Invasive plant species control.
 - o Prescribed burns.
- Operate skid steers, compact excavators, tractors, power tools, and other specialized equipment.
- Assist in management of native habitat stewardship projects and budget.
- Maintain and repair equipment.
- Will also participate on landscaping hardscape and softscape projects including stormwater, planting, seeding, soil preparation, and erosion control material installation for streambank & bluff restorations.

Qualifications:

- BS in ecology, fisheries, natural resource management, environmental science, or biology.
- Knowledge of local fish species and plant taxonomy.
- Minimum of 3 years of experience.
- Ability to read, understand, and communicate landscape plan drawings and specification documents.
- Experience operating skid steers, compact excavators, tractors, power tools, and other specialized equipment.
- Prescribed fire training (S-130, S-131, S-190, S-290, S-234).
- Class A CDL license w/tanker endorsement or ability to obtain license within first month a plus.
- Agricultural background a plus.

Please send cover letter and resume to info@mareklandscaping.com. Thank you.
